# Ministry Works Agreement

Grace Community Church (demonstration) · Plan year 2026

Grace Community Church is a fictional demonstration church seeded into the Sonrise Revival platform. Names shown are fictional.

A Ministry Works Agreement is the last document of the planning year: after the body has approved the plan and the allocation has been released, each serving Saint and the eldership settle, in writing, what is actually being taken up — scoped to the level the work was really funded at. Its purpose is narrow: order, structure and clarity, so the work can be coordinated and effective. It is an agreement between brothers and sisters, not an employment contract.

Signed — the Saint

Ruth Mercer · 21 July 2026

Signed — for the eldership

David Okafor, elder · 21 July 2026

**Two-party sign-off, on the platform.** In the platform the agreement is signed by both parties on screen and versioned; either party can raise a review at any time. Where a work is funded below its ideal, the agreement is scoped down with it — no Saint is asked to deliver an ideal-level work on a minimum-level allocation. The agreement is visible to the Saint, the eldership, and no one else.
